### EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. This Office Action is responsive to Applicant's Amendment filed on 12/19/05.
2. Claim 1 is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claim 8, directed to the non-elected species, is no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

3. Claims 1-2, 5 and 7-11 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:  
Claim 1 has been amended to overcome the prior art. The prior art of record does not disclose or render obvious a motivation to provide for a hybrid transmission as defined by the limitations of claim 1, including a prime mover, first and second motors/generators, a differential mechanism disposed between the prime mover and the first and second motors/generators and having two double-pinion planetary gear sets including at least four rotating members that are in sequence in either an increasing or decreasing order of revolution speeds, and a brake for fixing the sun gear

of the prime-mover-side double-pinion planetary gear set, wherein the brake is disposed at an outer periphery of the first motor/generator.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
